I suggest adding a little more upfront to provide context and clarifying the second question – see below.

Sarah E. Bahrman | Chief, Safe Drinking Water Branch | U.S. Environmental Protection Agency - Region 8

Subject: Questions on Cadmus Contract Work for DB

Hi Valois and Lucita: Sarah and I are working to make sure we have funding in place for additional support through the Cadmus contract and need a bit more feedback on two questions:

- 1) Have we been able to confirm whether/how many hours remain under the currently funded WA to support limited additional (e.g., technical) work?
- 2) How soon we will be ready to direct Cadmus to do additional work on major tasks under an amended WA, including further revisions to the RTC? In other words, by when do you estimate we will need additional funding?

Thanks!

Douglas
